

Solution Brief

Azure Migration and Modernization Program (AMM)

Lower costs and reduce risk with cloud migration and modernization assistance.

When you modernize with Insight by your side, you work with a Microsoft® Azure® expert Managed Service Provider (MSP) or with a Windows Server® and SQL Server® Migration to Microsoft Azure specialization. Having met rigorous standards, we're among a top tier of Microsoft partners trusted to lead you through this exciting cloud modernization program.

Meet your needs with a proven approach.

- Get migration and modernization support across applications, data, and infrastructure.
- Get assistance with assessing your environment and planning your migration to build a robust business case and Total Cost of Ownership (TCO) justification.
- Leverage the Microsoft Cloud Adoption Framework and Well-Architected Framework for security, governance, data, and networking design.

Optimize costs and drive sustainable outcomes.

- Enhance your cloud skills with subsidized Azure technical training delivered through Insight and Microsoft Learn.
- Use complimentary tools to move efficiently and stay cost optimized once on Azure.
- Contribute toward environmentally sustainable outcomes while driving operational efficiencies.

Move confidently with expert help.

- Use prescriptive, step-by-step guidance from Azure engineers and experts at Insight to mitigate risks and take full advantage of Azure security, scale, and innovation.
- Build cloud skills and long-term organizational readiness with the right mix of learning options.
- Access personalized, self-guided resources to support your unique needs.

Cost
