

Dell Display and Peripheral Manager

Manage and customize your entire desk setup.

Business Challenge

The new era of AI PCs is driving rapid technological advancements, requiring new ways of working. Stay ahead with the right tools at your fingertips and command the full potential of your Dell Technologies® display and peripheral ecosystem from a singular application.

Our solution

Dell™ Display and Peripheral Manager (DDPM) – the industry's only end-to-end application for managing and customizing the broadest range of PC accessories – helps users harness the full power of Dell displays, smart docks, keyboards, mice, stylus, webcams, headsets, and speakers.

Seamlessly pair devices, adjust DPI, program shortcuts, check battery and connectivity status, get firmware updates, and more.

 Simplify multitasking with Easy Arrange for Displays.

 Scale up manageability with IT admin tools for your fleet.

 Achieve effortless collaboration by enabling touch controls.

 Fine-tune audio manually or choose from tailored presets.

 Enhance productivity by programming easy shortcut keys.

Why Insight for Dell Technologies

 **Dell Technologies**
TITANIUM BLACK PARTNER

2021 North America Channel Excellence in Growth

14,000+ Insight teammates worldwide
